Dear Chairman Pai,

I write to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer.

It is imperative that you continue to provide support and funding for this vital community resource. I use BIG for technical training in the areas of Virtual Reality development and networking with people in the industry. Myself and many others would not otherwise have access to this equipment and resources to further our technical knowledge and increase job skills. BIG is a unique provider of these services and these services help add to the local economy by provide technical skills to the workforce and STEM educators.

I strongly encourage you to support the Brookline Interactive Group and community media in general.

Sincerely,

Paul Girardo
